Track & Trace

TALKING POINTS
LATEST NEWS

Speak to us about an integrated temperature screening option with non-touch access control for staff.

Complete your Covid checklist on your mobile device daily and scan your QR upon arrival to fast track.

Preparing your offices for 2021

With the requirement to ensure Government legislation is being met when accessing the building & eliminate manual processes, we are now providing digital technology solutions for information accuracy when staff and visitors arrive.

Using this contact-less digital process you are able to conduct health pre-registrations prior to granting access and a fast track processes for staff to avoid queues. They simply scan their access permit & complete an automatic temperature check via the system.

This caters for Covid trace and track management and a digital evacuation list should there be an emergency.

COVID19-Checklist

DATE: 2020-11-13 05:00

CLOUDSELL CONSULTANT: Niven Perumal (NP)
